The ISO Certificate Transfer Process

Step 1

Application for Certification Transfer

Contact us and a member of our sales team will talk to you through the process and get to know your business. Note: Your certification date and original audit cycle is maintained when transferring to a new certification body.

Step 2

Receive & Accept your Quote for Transfer

Our team will issue a quote to transfer your certification to Amtivo during your next scheduled audit. If you're happy to proceed, we'll find a date that suits for this to take place - often within 3-4 weeks. A transfer rarely has any impact on your certification cycle.

Step 3

Pre-Transfer Documentation Request

We will request some documentation, prior to the audit to ensure the transfer can go ahead. This will be reviewed by an assigned Amtivo auditor.

Step 4

Audit History & Documentation Review

During your scheduled audit, your auditor will review your audit history and supporting documentation in relation to the transfer. This is a very straightforward part of the process and is also an opportunity to ask any questions you may have.

Step 5

ISO Certificate Issued

When the transfer has been successfully completed and approved, you will receive your new Amtivo certificate. **Congratulations!**

FAQS

- **Am I eligible to transfer?** Basic eligibility requires a valid and live accredited certificate, no suspensions, no open major non-conformities, and the provision of audit history information.
- **Why transfer to Amtivo?** Many clients transfer to us due to our reputation for excellent customer service and reliability.
- **What documents are required?** Your latest audit report and your current accredited certificate.
- **When is the best time to transfer?** Any time during your audit cycle, but ideally 3-months before your certificate expires.
- **Is Amtivo accredited?** Yes! We are proud to be an ANAB-accredited certification body.
